

# Home and School working together

I am learning new skills all the time. I learn best when I am happy, confident and motivated to learn.

In Reception we work on developing our gross motor skills to support big movements which help us with co-ordination, large writing movements and our ability to sit upright on the carpet.

Here are some ideas which you could try at home to help develop your child's skills. They don't take long but are most useful if used every day.
