Early Years Foundation Stage

When children begin at Alexandra Primary, our most important objective is to ensure they have the support they need to settle in well. They will be exploring indoors and outside, finding out all that is on offer whilst getting used to their new surroundings. The children will be getting to know each other and the adults in the setting and will be learning how our rules and routines keep us happy and safe.

what can you see?

Communication

Understanding emotions

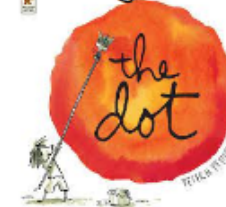

what do you notice?

Artistic expression

Playing together

Being brave

Taking turns

Musical exploration

Active learning

Healthy choices

Independence and resilience!
